**THE
NEW BURMA**

Pyidawtha

THE NEW BURMA

is more than a report from the Government to the people of the Union of Burma on its long-term programme of economic and social development.

It is a testament of faith in our people's ability to raise themselves through their own efforts to new levels of prosperity, health and security, and social justice.

It describes clearly and concisely—sector by sector—the Government's objectives and comprehensive programme for creating a new Burma.

Between these covers is presented Burma's answer to the challenge that faces every newly independent nation in Southeast Asia—her blueprint for a democratic state dedicated to the welfare of her people.
